

Truck dimensions

Type	Dimensions/Capacity	
Euroliners These curtainsiders feature a sliding roof, sliding curtains, solid rear doors, 32 side boards and side gates. They allow for quick easy loading and discharges via the rear doors and open side access. Side posts can be moved from side to side to facilitate loading. Suitable for multi-collection and multi-delivery shipment.	Overall length	13.7m
	Overall width	2.6m
	Overall height	4m
	Internal length	13.62m
	Internal width	2.48m
	Internal height	2.65m front, 2.75m rear
	Tare	6,880 – 7,100kg
	Design gross weight	39,000 – 41,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 87m ³
Mega (High Cube) trailers Our Mega curtainsiders feature a massive 100m ³ capacity. The larger internal height enables shippers to maximise consignment size whilst having the benefits of a straight frame loading bed. All trailers have easy loading and discharge via open side and rear door access including sliding and lifting roof. They are also equipped with 32 side boards.	Overall length	13.7m
	Overall width	2.6m
	Overall height	4m
	Internal length	13.62m
	Internal width	2.48m
	Internal height	3.0m
	Tare	7,400kg
	Design gross weight	39,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 100m ³
Mesh trailers Mesh trailers are the same as our Euroliners with the difference that these trailers are equipped with strengthened tilts by the use of metal weaving in the tilts. These are used for the transportation of high value goods.	Overall length	13.7m
	Overall width	2.6m
	Overall height	4m
	Internal length	13.62m
	Internal width	2.48m
	Internal height	2.65m front, 2.75m rear
	Tare	7,100kg
	Design gross weight	41,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 87m ³

Type	Dimensions/Capacity	
Tautliners These are similar to the Euroliners, with sliding roofs, sliding curtains and solid rear doors but do not have side gates or side boards. The Tautliner has all-round flexibility for loading and unloading from the rear, sides and overhead.	Overall length	13.7m
	Overall width	2.6m
	Overall height	4m
	Internal length	13.62m
	Internal width	2.48m
	Internal height	2.65m front, 2.75m rear
	Tare	6,700 – 6,800kg
	Design gross weight	39,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 87m ³
Coilers Our fleet of coilers have 9m coil wells, sliding curtains, sliding roofs, solid rear doors, 32 side boards and side gates and are used for steel and coil transportation.	Overall length	13.7m
	Overall width	2.6m
	Overall height	4m
	Internal length	13.62m
	Internal width	2.48m
	Internal height	2.73m
	Tare	8,200 – 8,400kg
	Design gross weight	39,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 90m ³
Reefer trailers To transport temperature controlled or sensitive products, especially for the chilled and frozen food sectors.	Overall length	13.5m
	Overall width	2.6m
	Overall height	4m
	Internal length	13.3m
	Internal width	2.46m
	Internal height	2.65m
	Tare	8,600kg
	Design gross weight	39,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 90m ³
Intermodal reefer containers These 45ft intermodal containers for temperature controlled products can cover temperatures between -25°C to +25°C and are equipped with GPS tracking systems. Environmentally friendlier option and a competitive alternative to conventional road transport.	Overall length	14.0m
	Overall width	2.55m
	Overall height	2.9m
	Internal length	13.27m
	Internal width	2.43m
	Internal height	2.56m
	Tare	6,800kg

Type	Dimensions/Capacity	
	Design gross weight	34,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 83.1m ³
Intermodal box containers These 45ft pallet wide intermodal containers are designed for long distance destinations connected to rail networks where large volume commodities need to be shipped by the most cost-effective and secure means.	Overall length	13.6m
	Overall width	2.5m
	Overall height	2.9m
	Internal length	13.57m
	Internal width	2.44m
	Internal height	2.7m
	Tare	4,450kg – 4,550kg
	Design gross weight	34,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 90m ³
	Overall length	13.72m
	Overall width	2.55m
Intermodal curtainside containers 45ft pallet wide curtainside containers are designed to facilitate easy loading and unloading from the side.	Overall height	2.9m
	Internal length	13.56m
	Internal width	2.44m
	Internal height	2.46m
	Side opening width	12.49m
	Height under pelmet	2.25m
	Tare	5,900kg
	Design gross weight	34,000kg
	Capacity	33 Euro pallets/26 UK standard pallets 81m ³
	Overall length	13.71m
	Overall width	2.5m
Intermodal bulk containers Our 45ft bulk containers are designed to carry bulk loads, but can also be used for normal palletised goods as well.	Overall height	2.89m
	Internal length	13.49m
	Internal width	2.42m
	Internal height	2.63m
	Tare	5,500kg
	Design gross weight	45,200kg
	Capacity	33 Euro pallets/26 UK standard pallets 88m ³
